

**Course Title:** Online Assessments

**Course Description:** The Online Assessment Training course is designed for educators, trainers, LMS Administrators and those who are developing online assessments in their Learning Management System (LMS). This training will be focused on providing tools you can use to set up a secured online assessment environment, best practices in setting up your assessment and some tips and tricks. Participants will be enrolled on the course for a maximum of 4 weeks. There will be a one time webinar for the full discussion. (Webinars will have theoretical discussion)

**General Objectives:**

In the end, of course, participants should be able to;

- Use summative and formative approaches appropriate to learners through different assessment strategies
- Track and support learner progress by informed use of activity and course reporting by analysing evidence
- Provide targeted support with a range feedback options appropriate to the learners by feedback and planning

<b>MODULES</b>	<b>TOPICS</b>	<b>LEARNING OUTCOMES</b>	<b>METHODOLOGIES</b>	<b>DURATION</b>
Module 1	<ol style="list-style-type: none"> <li>1. Assessment Strategies</li> <li>2. Assessments Types</li> </ol>	<ol style="list-style-type: none"> <li>1. Use summative and formative approaches appropriate to your learners.</li> <li>2. Learn why we need to assess</li> <li>3. Identify formative assessment and summative types of assessment</li> </ol>	ODL Discussion	3 hours
Module 2	Analysing Evidence	<ol style="list-style-type: none"> <li>1. Track and support learner's progress by informed use of activity and course reporting.</li> <li>2. Analysing course reports</li> </ol>	ODL Discussion	3 hours

Module 3	Feedback and Planning	<ol style="list-style-type: none"><li>1. Provide timely, targeted support with a range of feedback options appropriate to your learners.</li><li>2. Provide a variety of feedback to learners.</li></ol>	ODL Discussion	3 hours
